EDUCATION:

Mehran University of Engineering and Technology Jamshoro

- *Undergraduate in Computer Systems Engineering: 2nd Year CGPA: 3.7/4.0*

Expected Graduation: November 2026

WORK EXPERIENCE:

Technical Skills

- Programming Languages: Core Java, SQL
- Web Development: HTML, CSS, JavaScript
- Software: MATLAB, Visual Studio Code, Eclipse, Git/GitHub
- Database Management: MySQL.

ACADEMIC PROJECTS:

- **Online Learning Platform Website**

Technologies: HTML, CSS, JavaScript

Developed a simple and user-friendly website for an online learning platform. The site includes multiple pages with responsive design, navigation menus, and interactive features for browsing courses.

GitHub live Of My Project : <https://kanzul-iman.github.io/kanzul-project-web/>

Student Management System

Technologies: Java

Built a basic console-based application to manage student records. Features include adding, deleting, and updating student information, along with simple search functionality.

- **Donation System Website**

Technologies: HTML, CSS, JavaScript, PHP, MySQL

Designed and developed a donation management website with both frontend and backend functionalities. Integrated a database to store donor and donation records securely, and implemented form validations and user-friendly navigation for a seamless experience.

CO-CURRICULAR ACTIVITIES:

Chairperson ACM-MUET CHAPTER:

November 2023 – November 2024

- As a social media director of **Association for Computing Machinery** of computer systems engineering WOMENS-Chapter, Managed committee communications and social media presence. Led event promotions, assisted in training initiatives, supported recruitment efforts, and fostered collaboration—contributing to the chapter's visibility, growth, and success

Event Lead – [Pehchano Khud Ko]

December 2023

- Served as a volunteer team leader during a major society event, managing end-to-end coordination of tasks including logistics, team delegation, and on-ground execution. Successfully led a team of volunteers, ensuring smooth event flow, active audience engagement, and timely task completion. Demonstrated strong leadership, problem-solving, and communication skills under pressure, contributing to the overall success of the event.

SKILLS & COMPETENCIES:

- **GitHub Account:** (only one basic semester project using frontend technologies) [kanzul-iman](https://kanzul-iman.github.io)
- **Computer & Software:** Microsoft office, Prompt Engineering (AI), **Visual Studio Code** (Code editor), MATLAB/Simulink, MySQL, **Linux** (Ubuntu), **Cisco Packet Tracer** (Network simulation)
Ansys, Primavera, Multisim, EES.
- **Language Proficiency:** English, Urdu.
- **Programming Languages:** Quick to learn and adapt to new programming languages, with foundational knowledge in java, PHP, and JS due to the core knowledge of programming.
- **Interests:** Software Development & Programming, Project Management & Team Leadership skills.
